Hobby

- Programming & App Development
- Photography
- Reading Tech Articles
- Learning New Technologies
- Traveling

Education

University of Frontier Technology, Bangladesh

Bachelor of Science In Educational Technology & Engineering
Session: 2022-2023

Shomospur Abu Taleb College (Jashore Board)

From 2020 to 2022

Higher Secondary School Certificate (HSC) – Science
Group

Experience

- **Blood Donation App (Flutter)** – Developed a mobile app connecting donors and recipients with real-time notifications and secure data handling.
- **Krishoker Bondhu (E-commerce for Farmers)** – Designed an e-commerce platform enabling farmers to sell products directly to consumers.
- **Farmers Marketplace App** – Built a scalable marketplace app focused on usability for rural users.
- **Curriculum Development** – Created competency-based modules for Grade 3 aligned with national standards.
- **Machine Learning Projects** – Applied NumPy and ML models for data analysis and gene expression comparison.
- **Photography & Content Creation** – Produced and managed professional photography and digital media content.

Training / Certification

Training on AI for Immersive Technology — Bangladesh Digital
Social Innovation Forum (BDSI)

Duration: Ongoing (2025)

Description: Learning about Artificial Intelligence
applications in AR/VR, machine learning for immersive
experiences, and educational technology integration.

Projects

- Blood Donation App: Flutter + Firebase authentication
- Farmers Marketplace: Flutter UI & database design
- Curriculum Development: Grade 3 NCTB curriculum
